# Thank You Gifts & Ordering / Tack Presenter Och Beställning

A dream became reality for Ken & Marilyn Sjogren and Ken & Virginia Swisher when Hemslöjd, Inc. opened for business on August 4, 1984. What started as a gift shop on Lindsborg's Main Street, quickly evolved into one of North America's leading Scandinavian gift shops, thanks to its catalog and website.

The Sjogren's and Swisher's creativity, passion for Swedish traditions, and decades of tireless effort, helped create and grow a business that continues to thrive 40 years later!

Corey & Denise Peterson, owners of Hemslöjd, Inc. since 2011, would like to thank all the wonderful customers, dedicated employees, vendors and service providers who over the last 40 years have helped make Hemslöjd what it is today. Tack så mycket!

"Tomtar" is the Swedish plural of "tomte". In Scandinavian folklore, a tomte is a small, elderly, and hardworking sprite who lives on farms and watches over the household and animals. They are said to be about the size of a young child, but some say they can grow to be large with immense strength. Tomtes are known for being loyal, mischievous, and having a good sense of humor. They are said to come out at night when humans are asleep to check on the farm and animals. In return for their protection, tomtes ask that humans leave out a bowl of "julgröt" (Christmas porridge) once a year on Christmas Eve.
